

We want **YOU** to join the **Madonna University SLS Club!**

Who We Are... We are a registered student organization here on campus that strives to help our members achieve their academic goals, build a connection between MU students and the Deaf community, bring awareness to our students about ASL and Deaf culture, raise funds and volunteer for the Deaf community and our club, provide opportunities for relationships between MU alumni and current students, and provide information regarding events for our students and the Deaf community.

What We Do... We provide students with a fun and friendly environment to practice their ASL skills. In the past, we have had monthly events and weekly silent mingles.

How to Get Involved... Email us at our club email to receive updates about our current news and events! Also, check out our social media pages.
